Description of products:	Application: Wireless the public telephone, data communications	
	Characteristic: Low voltage standing wave ratio, compact and elegant and easy to mount.	
Main parameters:	Frequency Range (MHz)	2400-2483.5
	Gain (dBi)	2.15
	VSWR	≤1.5
	Max Power (W)	50
	Input Impedance (Ω)	50
	Weight (g)	10
	Radiator	Copper
	Dimension (mm)	55 80
	Temperature (°C)	-40~+70
	Lightning protection	Direct Ground
	Color	Black/ Grey
